SHIVAM AKASH

+91-7091379965 | shivamakashpvt@gmail.com | LinkedIn | Portfolio

OBJECTIVE

Detail-oriented MCA candidate specializing in Storage & Cloud Technology, with hands-on experience in AWS, Docker, Terraform, Python, Java, and application development. Seeking an entry-level role in Cloud Computing / DevOps to build scalable, secure, and reliable solutions.

EDUCATION

MCA (Storage & Cloud Technology) | Jain University, Bengaluru *2025 – Present | CGPA: 8.04*
BCA | Chandigarh University, Mohali *2022 – 2025 | CGPA: 7.77*

SKILLS

Languages: Python, Java
Tools & Technologies: AWS (EC2, IAM), Docker, Terraform, GitHub Actions (CI/CD), Nginx, MySQL, Git/GitHub.

PROFESSIONAL EXPERIENCE

Application Engineer Intern (Data Science) | Technologics Global Pvt. Ltd. *May 2026 – Aug 2026*

- Completed industry-level training in Python and Data Science; worked on data analysis and real-world problem-solving assignments.
- Built backend components using Python and Flask, gaining practical exposure to industry workflows.

Mobile Application Development | Chandigarh University *May 2024 – Jun 2024*

- Developed Java-based Android apps; learned mobile UI/UX design and responsive layouts using Android Studio.
- **careAYU – Healthcare App:** Built a healthcare Android app (Java, XML, MySQL) with lab tests, doctor profiles, medicine ordering, and order history.

PROJECTS

Virasat Bihar – District Heritage & Tourism Platform | Docker, AWS EC2, Terraform, GitHub Actions CI/CD.

- Built and containerized a static web app showcasing Bihar's heritage across 38 districts, with an interactive district-wise interface for historical sites, monuments, and cultural highlights.
- Automated CI/CD with GitHub Actions to build and push Docker images to Docker Hub on every commit; deployed via SSH-based Continuous Deployment to AWS EC2.
- Provisioned AWS infrastructure (EC2, Security Groups) using Terraform (IaC); automated Docker install and initial deployment via EC2 User Data.
- Secured deployment credentials using GitHub Actions Secrets and Docker Hub Personal Access Token (PAT).
